CENTER FOR WORLD MISSION
NOVEMBER 2022 NEWSLETTER

Update on the Victory Fund

Last month we shared our 2022 year end strategic objectives for Africa and launched our strategy to meet those goals. So far we have received a total of \$60,147.20 donations and commitments towards the Victory Fund! That is 14.49% of our \$415K goal. We praise the Lord for His provision in this so far, and we continue to pray trusting that He will continue to provide and lead us in Kingdom victory.

The Global Family of God

Africans, Americans, Dutch, South Koreans...I have seen all of these and more working together as a team and global family over the past several years IN AFRICA for the Kingdom of God. What a happy camaraderie! We are all citizens of a heavenly Kingdom, and we share a biblical culture which unites us on a higher plane. I was recently researching ways that Africans would bury or dispose of their dead, and it ranged from leaving the dead by trees for the hyenas to eat in old cultures, to being buried in modern cement tombs on the family homestead farm. I was telling the Africans about how we use graveyards with headstones or crosses in America. So many different customs. But we all only have one life to live for Christ. Let's make it count folks. Many industries, including non-profits, have pulled back during the last six months because of the economy, but we are hitting the gas pedal. There are seminary campuses in Rwanda and Tanzania to be built, and they won't build themselves! Godly ministers serving people up the Word of God so that disciples are made is our aim. I want to thank each one of you for joining the team and being part of something eternal for the glory of God. May the people of God from every tongue, tribe, and nation not wait until heaven to praise God together! I am grateful to God for all of you.

Happy Thanksgiving to you all,

Doug McNutt
President, TCWM

Dear Partner in Ministry,

What will happen if The Victory Fund is successful and a network of theologically sound training centers expands throughout Central Africa? Here is a glimpse of what's to come...

- TBI branches will continue to be planted across Central Africa.
- Biblical theology will replace incorrect beliefs, bringing a true understanding of grace and discipleship to those who have heard the Gospel.
- A new generation of evangelical pastors and Christian leaders will be equipped to teach, preach, counsel, and oversee congregations.
- Hundreds of Gospel-centered churches will be planted by indigenous leaders who can reach places foreign missionaries cannot go.
- Tens of thousands of people – some in tribes, some Muslim – will hear the Gospel, fostering a new relationship with Christ.
- TBI graduates will follow a call as missionaries, not just in Africa, but around the world; unreached people groups will be reached.

Already, great work is underway in several countries. We are busy planning accredited programs and upgrading our training of pastors and Christian workers. This kind of growth can happen all across Central Africa... but it cannot happen without your partnership to support the men and women growing Christ's church in Africa with a sound theological foundation.

Will you invest in our Victory Fund, so that we can continue growing Trinity Biblical Institute as a network of institutes served by well-trained faculty and welcoming facilities across Central Africa? We are grateful for your partnership as we seek to lift up Christ among the nations, so that His disciples worship Him with awe and joy.

Thank you again for your partnership in the Gospel,

Pete Anderson
Vice President, TCWM

Note: Starting November 1st, 2022, TCWM began sending receipts via email rather than physical receipts in the mail. If you would like to update or provide us with your email, please email us at info@trinitycwm.com
